

Energizing Education

VOLUME 1, ISSUE 11 NOVEMBER 27, 2013

Frost Elementary School

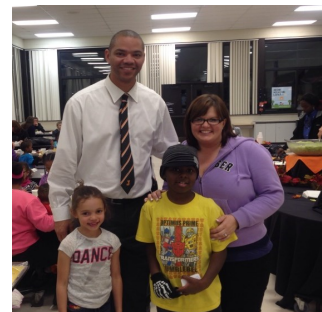

THE POWER OF PLAY

You're probably familiar with the age-old saying "all work and no play makes Jack a dull boy". Well, recent research has emerged to confirm this proverb. Child psychologist David Elkind's work shows that imagination and creative play help prepare children for success, both academically and socially. A fun, carefree play session may be just what your child needs today!

Energizing Education hosted its third family night this school year at Frost Elementary on Wednesday, November 13th. Children were invited to play different games such as twister, dominoes, and life-size checkers. Meanwhile, parents were given valu-

able tips about reading and early childhood literacy. To emphasize reading outside of school, Energizing Education provided parents and children with one free book and one free kids game for them to take home. Families also received the opportunity to

have their portraits taken by a professional photographer! Be sure not to miss next month's family night as there will be a secret santa and plenty more fun!

This Christmas, each student will receive a book from the EE staff and mentors as a Christmas present!

Energizing Education would like to welcome new staff member **Ben Bundy** to their team. Ben just began work as an AmeriCorps VISTA with United Way of Jackson. As a *Volunteer In Service To America* (VISTA), his mission is to help combat poverty and strengthen communities. Ben recently graduated from Spring Arbor University in May with a double major in International Studies and Spanish.

Ben spent several years working in the world of charter schools and is excited to be working in education once again. He is passionate about Energizing Education's vision and purpose here in Jackson County and he believes reading is crucial to academic and professional development. Some of Ben's hobbies are reading, writing, outdoor activities, travelling, and learning new languages.

December Mentor Training Calendar

Date	Time	Type	Location
December 5	4:00-5:30 pm	EE Tutor	Frost Energizing Education Literacy Lounge
December 12	4:00-5:30pm	EE Tutor	Frost Energizing Education Literacy Lounge
December 17	4:00-5:30 pm	EE Tutor	Frost Energizing Education Literacy Lounge

Energizing Education would also like to welcome!

Lois Dunning is the Education Parent Involvement Coordinator for Energizing Education. She has a degree in psychology from Olivet Nazarene University. She lives in Jackson with her husband, Steven, and their two boys. In her spare time she enjoys being involved in her children's activities, reading, and baking. She is excited to be a part of Energizing Education.

Energizing Education would like to wish you and your family a very

Happy Thanksgiv-

Looking for ways to incorporate reading into this Thanksgiving season? One way families can do this is by cooking dinner together. Have your child read the recipe directions out of the cookbook. This way your child can continue to read through the holiday season. Cooking as a family is a great way to spend time together as a family too!

Quote of the Month

"There are many little ways to enlarge your child's world. Love of books is the best of all."

- Jacqueline Kennedy

Discover • Learn • Succeed
